Biography:

Mack is a graduate of Hampton University in Hampton, Virginia with a degree in Building Construction Engineering. With over 36 years of transportation engineering experience he has been employed with the Ohio Department of Transportation (ODOT) since August 1970.

Currently Mack is one of ODOT's Work Zone Engineer. In this capacity, he provides technical leadership, engineering expertise in establishing policy, standards, design, construction, safety, training and research in area of temporary traffic control; ie; maintenance of traffic. He also serves as an expert witness in litigations that pertains to work zone traffic control for the Department. For the past two years, he has been responsible for developing and teaching two levels of maintenance of traffic courses for the Department's highway technician academy that provides training and certification for 2500 employees.
